

Alberta Lamb Producers Service Charge Refund Request

While check-off refunds may seem like an ideal opportunity to save a few dollars, it will pose some serious challenges to our industry as a whole. From producer education, newsletters and research to expansion initiatives and government advocacy on issues like traceability and biosecurity, check-off strengthens every aspect of our industry and allows us to leverage government funding. Before you ask for a refund, make sure you properly understand what Alberta Lamb Producers does for you and your industry and the consequences of a reduction in check off dollars. Your director and office staff are available to provide more information if required.

No extenuating circumstances will be considered.*
