

We would like to share with you a few updates related to COVID-19 that you may find of interest. Please do not hesitate to share this information with your networks.

Please continue to consult the [AAFC website](#) regularly for updates. This week, we updated our website to include a link to Innovation, Science and Economic Development Canada's [online tool](#) that helps businesses find a tailored list of government programs and services, and included new information in our [Workplace guidance for sector employers and employees](#).

1) Assistance available to Atlantic Canada businesses during the COVID-19 pandemic

Through the [Regional Relief and Recovery Fund](#), Atlantic Canada Opportunities Agency (ACOA) will provide approximately \$110M over the next year to support Atlantic Canadian businesses (\$67 million directly and \$43 million through Community Business Development Corporations (CBDC)). ACOA is now accepting online applications.

Existing ACOA clients are invited to contact their project officer to discuss their needs. CBDC clients can apply for the RRRF through their local CBDCs. All other businesses or organizations can call 1-888-576-4444 or send an email to ACOA.information.APECA@canada.ca to obtain more information.

ACOA can also help in other ways by:

- Deferring scheduled payments until October, 2020
- Confirming eligibility for additional funding and/or flexible arrangements
- Providing information about federal programs and services
- Coordinating efforts to connect potential PPE suppliers in the region with appropriate federal and provincial procurement departments, municipalities and businesses seeking PPE materials in order to maintain or resume operations.
